

Trade mission to India

7th to 15th February 2017

Northern Powerhouse supports sector based trade and investment missions for companies across the North of England. Companies across all sectors are invited to join this process chemical industry, pharmaceutical sector and associated supply chain focused visit. The visit will include attendance at the India Pharma Exhibition Bangalore, TATA Innovation Centre Pune & the Indian Chemical Council 10th Annual Outlook Conference Mumbai.

What you need to know

India's economy is one of the fastest expanding in the world and is currently the 5th largest chemicals producer in the world and 4th largest global producer of Agri-products. The pharmaceutical sector is estimated to grow to £27 billion by 2020 and with its large population and huge domestic demand it is a critical market. The UK has strong ties with India, companies are well positioned to take advantage of this growing export and investment market.

What's on offer?

Join a group of experienced leaders from NEPIC & DIT, with long established networks in India.

Security of a group visit, coordinated travel & accommodation itinerary, on-hand support from an experienced team including pre-visit support, access to a large network of contacts well known to the trade mission organisers, opportunities for sponsorship, exhibiting and presenting. Financial contribution towards costs may be available for eligible companies.

Eligibility

This mission is open to all companies based in the Northern Powerhouse region interested in exporting to India.

A £550 travel grant is available to eligible SME's.

"What a fantastic trip and conference. The arrangements have run very smoothly and the quality, seniority and number of attendees that DIT/NEPIC has attracted are of great credit to them. I have calculated that it would have taken me at least 4 years to meet the executives that I have met in one week on this trip. This NEPIC-DIT supported activity reflects so well on the UK chemical industry. I am pleased to have had the opportunity to be part of this excellent trade mission."
